

Compile helloworld

helloworld.c and makefile are located in /home/edo/helloworld
folders usr, genromfs-0.5.1 and uClinux-dist-lpc_2478_stk are located in /opt/arm

Check if /opt/arm/uClinux-dist-lpc_2478_stk/tools has a file called ucfront-gcc. If NOT then first make uClinux

compiling helloworld

- 1)sudo su
- 2)cd /home/edo/helloworld
- 3)export PATH=/opt/arm/usr/local/bin:/opt/arm/genromfs-0.5.1:\$PATH
- 4)export PATH=/opt/arm/uClinux-dist-lpc_2478_stk/tools:\$PATH
- 5)make
